## **BHARAT PRINT EXPO 2026 CONCLUDES ON A HIGH NOTE IN CHENNAI, REINFORCING ITS INDUSTRY LEADERSHIP IN SOUTH INDIA**

The second edition of Bharat Print Expo successfully concluded in Chennai from 27th to 29th April 2026 at the Chennai Trade Centre, marking yet another milestone for India's rapidly evolving print and packaging industry. Building on the phenomenal success of its inaugural Bengaluru edition, the exhibition delivered a bigger, stronger, and more impactful platform, further solidifying its position as South India's Largest Printing Exhibition.

## VISITOR'S TESTIMONIALS

“

*This is my first time at this Bharat Print Expo and the team has organised it well where the navigation is easy for us to find where exactly which exhibitors stands, overall it has been a great experience.*

**Gayatri Bharani Ganesh,**  
Proprietor - Neriah Xerox

“

*I see a wide ranges of options, as a manufacturer who does a lot of packaging and printing it really helps us to understand the new technologies we find in the printing, and this is one of the largest expos where I had the opportunity to explore a lot.*

**Preetha Rajalakshmi,**  
Founder at Ishta Panchagavya Trustee & Ishta  
Natural Products

**83% was able to unlock the south indian market crux.**

**92.4% was able to drive new business from the exhibition.**

## EXHIBITOR'S TESTIMONIAL

*This platform has been very successful because within today I have been able to get 40 leads, which is a great experience for me!*

*Vickey ,Sales Manager,B.K.I Graphics*

*We had a great footfall, Label Converters had visited our stall, although we thought it's a commercial printing exhibition only but we were able to connect with label converters here at this expo which was very much unexpected*

*Ashish Joshi, Senior Manager, Epson*

*Bharat Print Expo truly lived up to its name as South India's Largest Printing Exhibition. The footfall across all three days was phenomenal, but what stood out even more was the quality of visitors. We met serious buyers, decision-makers, and customers who came with clear business intent. Every conversation felt meaningful, and the response exceeded our expectations.*

*Archit Gupta, Rational Business Corporation*

*Participating at Bharat Print Expo was a fantastic experience for us as exhibitors. The crowd was not just large in numbers, but highly relevant to the industry. From printers and converters to packaging professionals, the visitor profile was extremely well targeted. The energy on the show floor made it clear why this exhibition has become such a strong platform for the industry.*

*Parmeshwar Pattidar, Indas Analytics*

*Bharat Print Expo brought a different level of engagement altogether; the footfall was consistently strong, inquiries were genuine, and we had the opportunity to connect with qualified customers from across South India. It was a well-organised exhibition that created real business opportunities and delivered value at every level*

*Nehal Islam, Webtech International*

# PODCAST HIGHLIGHTS

Launched at Bharat Print Expo 2026, Print & Pack Perspective brought industry leaders together for unfiltered conversations, bold perspectives, myth-busting discussions, and real insights shaping the future of print and packaging.

# NAEP & GPEA AWARDS 2026

The National Awards For Excellence in Print (NAEP) & Global Print Excellence Awards (GPEA) 2026, organised by the All India Federation of Master Printers in association with ReEnvision Events Private Limited, brought the print and packaging industry together for an unforgettable evening of recognition, innovation, and celebration on 28th April 2026, held alongside Bharat Print Expo 2026 in Chennai.

The awards highlighted the remarkable evolution of India's print and packaging sector, celebrating organisations that continue to push boundaries in quality, innovation, sustainability, and technology adoption.

The celebration transitioned from formal recognition to a vibrant industry networking experience, marked by conversations, collaborations, and shared aspirations for the future of print.
